

# Bus and Shuttle Routes in Downtown San Diego

## GENERAL TIPS

Please be sure all drivers are aware of these guidelines.

- Please restrict shuttle operations to the streets marked on the map
- Do not stage in residential areas. Please stay out of residential areas whenever possible. Use the staging areas identified on the reverse side of this map to meet your needs.
- Please shut down engines whenever possible. Do not idle engines before 7 a.m. or after 8 p.m.
- Be particularly careful about noise in residential areas that are on preferred routes, i.e., Front and First streets between Harbor Drive and Market Street, because of the large number of residents along these streets.

## LEGEND
